INSURANCE

This is quite a feature of my business. I represent two strong and liberal companies, whose contracts are free from the usual numerous restrictions that some other companies have, which really have the effect of insuring the company instead of the insured. No trouble to explain the policies and quote rates. ACCIDENT TICKETS—These are adapted to persons who do not desire yearly insurance, but who wish protection on short trips, etc. I issue them without written application, taking effect immediately.

FIENDS' AWFUL WORK

Five Negroes In an Alabama Jail on Terrible Charge.

WHITE LADY VICTIM.

After Being Repeatedly Assaulted the Unfortunate Woman Was Dragged by Her Hair Down Embankment and Murdered.

Montgomery, Ala., July 17.—At 10 o'clock Sunday night Governor Jelks received the following telegram from Gadsden: "My jail and prisoners confined therein threatened by mob. Prisoners in jail charged with rape and murder of white woman. Need military assistance. Answer."

The governor immediately wired Captain L. B. Raney, commanding the Gadsden company of the state troops, to place his company at the disposal of the sheriff and to keep the executive office advised of further developments.

The negroes in the Gadsden jail are Vance Gardner, Will Johnson, Ed. Johnson, Bunk Richardson, Jeff Alford and Fannie Mayo. The victim of the criminal assault and murder which they are alleged to have committed was Mrs. S. J. Smith, white, a widow. The deed was committed Saturday night, but was not discovered until an early hour Sunday morning, when one of the negroes now under arrest, Vance Gardner, reported that he had found the dead body of Mrs. Smith. Chief of Police White and several officers went at once to the scene and discovered the nude body of the woman lying partially concealed in some bushes by the roadside about three-quarters of a mile from Gadsden. The evidence obtained shows that Mrs. Smith was attacked on the upper side of the road, and, after having been repeatedly assaulted, was dragged by her hair down an embankment over rocks and stumps into the clump of bushes, where she was left, after efforts had been made to conceal her body. Her shoes and stockings were found nearby, having been torn from her and her false teeth were nearby in the road. The woman's neck was broken.

The ground at the scene of the crime showed that the woman had put up a desperate struggle for life and honor, and a pair of scissors and a case knife were close to her body, weapons which she had evidently used against her assailants.

Mrs. Smith was last seen on Saturday night, when, with her two sons, she attended a show in Gadsden.

She became separated from her boys and after making inquiries as to their whereabouts without avail she started home alone. She took a path which was nearer than the usual route. As she was emerging from the path into the road she was attacked by the men.

Vance Gardner, one of the negroes under arrest and who claims to have discovered the woman's body, says that about midnight Saturday he was passing and was aroused by cries of "Help!" and "Murder!" Going to the scene he found Mrs. Smith prostrate on the ground with a negro standing over her and endeavoring to stuff a towel into her mouth. He says that he called the men to stop, but was told to leave immediately.

A mob of 300 people gathered on Broad street in Gadsden Sunday night, marched on the jail demanding that the doors be opened. One young man had the rope ready to swing Vance Gardner. Sheriff Chandler and Judge J. H. Disque were prepared for them. Company C., with First Lieutenant A. R. Brindley in charge, was called out and had pickets out. Congressman Burnett and Judge Disque made talks and the mob dispersed.

WITTE AND MEYER.

They Confer For an Hour In Regard to Peace Conference.

St. Petersburg, July 17.—M. Witte spent an hour with Mr. Meyer, the American ambassador, at the Kleimichel palace Sunday discussing the forthcoming peace conference. Before leaving for Paris M. Witte will have still another audience of the emperor. M. Witte is expected to be the bearer of a personal message from the emperor to President Roosevelt.

The Associated Press is authorized by M. Hartwig, director of the First department of the foreign office, to deny in the most categorical fashion the report of the alleged contents of the instructions to M. Witte, published in Paris by the Echo de Paris and elsewhere abroad.

JAGUAR STOPS TRAINS

Animal Gets Out of Cage and Result Thrilling.

KEEPER IS CLAWED.

Young Lady Passenger In Sealing a Cliff to Escape Falls Twenty Feet and One of Her Limbs Broken.

Colorado Springs, Colo., July 17.—More than 2000 people and four passenger trains of the Colorado Midland railroad have been held up at Tunnel No. 6, two miles west of Manitou, by a fierce South American jaguar. Before he was captured the animal clawed Joseph Bennett of this city, cutting a severe gash in his right leg. Miss Delmont, a passenger on one of the trains, became frightened, and in endeavoring to scale a high cliff fell twenty feet, breaking her left limb. The jaguar and a polar bear occupied two compartments in a cage that was loaded upon a flat car train belonging to a circus. The train was about to enter the mouth of the tunnel and the cage struck the mouth of the tunnel. A keeper threw on the air brakes, stopping the train. He threw at the polar bear and fired blank cartridges at the jaguar to keep them from escaping. The jaguar crawled under the car and during the effort to drive it into its cage Bennett received his injuries. The animal was finally driven into a small cage, but before the door could be closed the train started and the jaguar again leaped for liberty. It dashed through the tunnel, but upon emerging at the other end found itself in a narrow cut. After some effort the animal was again captured and placed in its cage.

ON TWO CRUISERS.

Suggested That Peace Envoys Visit Oyster Bay Thus From New York.

Oyster Bay, N. Y., July 17.—President Roosevelt devoted himself Monday practically exclusively to the transaction of executive business forwarded to him from Washington and to recreation about Sagamore Hill. No arrangements for visitors were made and none expected. Arranging for dates of the approaching visit to the president of the peace plenipotentiaries has been discussed. The navy department has suggested and the president has approved of the idea that the envoys be brought to Oyster Bay from New York on two cruisers. After an informal reception the plenipotentiaries will go aboard the Mayflower and Dolphin here and be taken in those vessels to Portsmouth, N. H., with an escort of at least one cruiser and perhaps two. Commander Winslow, who has been ordered to command the Mayflower, which will be at the disposal of the envoys during their sojourn in the United States, will continue as the president's naval aide notwithstanding his new command.

MAY BE INSPIRED.

Dignity of Russia or Interests of Empire Must Not Be Affected.

St. Petersburg, July 17.—The Novoe Vremya prints the following statement of Russia's position, which may be inspired: "Russia can consent only to such peace as will not affect her dignity or the vital interests of the empire. To act otherwise would be fatal to Russia and would threaten all Europe. Europe no longer believes in Japan's assurances of peace in the far east. Even England and America's approval can be heard in indirect interference of powers to moderate Japan's demands. Our plenipotentiaries must remember that they must defend the interests not only of Russia, but also of other Caucasian powers, and they will find moral support in Berlin, Paris, Washington and perhaps even London. Our army in the field is much stronger than it was fifteen months ago."

The Hamburg Nachrichten proposes that Europe intimate to Japan that extreme demands will be resisted by Europe in general, especially Germany. "This is a valuable statement. We must ascertain what is the acceptable maximum of our concessions to Japan from European points of view and act accordingly."

DETECTIVE KILLED.

Patrol of Infantry Fired Volley and Slew the Assassin.

Warsaw, July 17.—A sergeant of detectives was shot and killed here Monday by an unknown man. Patrol of infantry while pursuing the assassin fired a volley killing the miscreant.

Mutiny and Murder.

Lodz, July 17.—Part of the Eka-tonyburg regiment stationed here mutinied and killed an officer. The mutineers were arrested. Owing to the state of siege citizens of Lodz are compelled to contribute \$1500 daily towards the maintenance of troops here.

Gunboat Aground.

Navesink, N. J., July 17.—The United States gunboat Dubuque is aground in Horseshoe, lower New York bay, near Spermacetti cove.

THE MORNING EAGLE

Entered at the Postoffice as second class mail matter.

BY CONNELLY & CARNES.

Per Week, 15c - - Per Month, 40c

TUESDAY MORNING, JULY 18.

The Southern Pacific announces free transportation for farmers to the Farmers' Congress.

A state shoot will be held at San Marcos August 14 and 15. A number of prizes will be offered and sportsmen are anticipating a fine time.

The cotton buyers usually have a nice vacation, but between the weather clerk and the speculators it looks like an all the year round job this time.

Congressman Burleson says he has already drafted a bill making it a penal offense for government employees to give out information in advance of its official publication.

The Arkansas supreme court has upheld the Arkansas anti-trust act, and Gov. Jeff Davis is probably busy looking for the tail of the octopus among its multifarious tentacles, to give it a twist.

The Colorado-Concho reunion of Confederate Veterans will be held at Ballinger August 9, 10 and 11, and will combine carnival attractions, baseball, a shoot, boat racing, etc., with the usual reunion features.

The peach crop of Robertson and Brazos counties is the finest in many years. Some farmers have sold several hundred dollars' worth. The famous Elberta and Chinese Cling are already on sale and are as beautiful and finely flavored as any ever grown in East Texas. And why not? Conditions are identical; the soil contains about the same properties for the development of the perfect peach, and in addition to this nothing is required but the necessary attention. There are a great many young orchards in the two counties that will come in within a year or two, and the peach industry will then be a big thing throughout this whole section.—Calvert Chronicle.

President J. H. Connell has given out a statement regarding the approaching meeting of the Farmers' Congress showing that some very prominent speakers from outside the state are expected, among them Tom Watson of Georgia, Governor Vardaman of Mississippi, President Harvie Jordan and Secretary Richard Cheatham of the Southern Cotton Growers Association. Mr. Cheatham is credited with bringing out the recent expose of juggling with cotton reports in the agricultural department.

TO EQUITABLE POLICY HOLDERS.

Believing that the interest of the Texas policy holders of the Equitable Society would be better served by the election of one or more directors from Texas. We hereby call a meeting of said policy holders in and near Bryan to meet at the council in the city of Bryan at 5 p. m., Tuesday July 18, to take such action in the matter as may seem best.

GERM DISEASES OF SUMMER.

No one Need Fear Sickness if Mi-o-na is Used.

It is the person with a weak stomach who first falls victim to the germ diseases of summer.

People with strong stomachs and natural digestion are ordinarily not subject to bowel trouble, diarrhoea, and other germ diseases that are so common and dangerous in the summer months.

A Mi-o-na tablet taken before each meal will give such health and strength to the weakest stomach that the whole system will become strong and well, and so clean and sweet that there will be no chance for disease germs to become active. Mi-o-na acts directly upon the whole digestive system, soothing and healing the inflamed stomach lining, strengthening the nerves of the solar-plexus, and building up good flesh, firm muscle, and perfect health.

A great many people imagine that their headaches, dizziness, heartburn, or general debility and weakness is a sign of fatal illness, when the whole trouble is the direct result of a weak stomach and imperfect digestion. A 50 cent box of Mi-o-na tablets will show by the great gain in health that the stomach is the cause of the poor health, and that Mi-o-na is the only remedy that will drive out all weakness, debility and disease.

Mi-o-na is so nearly infallible in curing the diseases resulting from a weakened stomach, excepting cancer of the stomach, that E. J. Jenkins guarantees to refund the money should the remedy not give perfect satisfaction.

REWARD FOR MAJORS.

Three Hundred Dollars is All That Appropriation Allows.

Austin, July 17.—Governor Lanham has offered a reward of \$300 for the arrest and conviction of Sank, alias Sank Cheatham, in accordance with the promise made to Waco citizens. Majors or Cheatham is the negro who is being pursued for alleged criminal assault on Mrs. Benjamin Roberts near Waco last Wednesday. The sheriff and other officers of McLennan and Falls county requested a reward of \$500, but owing to the meagerness of the appropriation for this purpose only \$300 is offered.

The governor has returned from Weatherford, where he had been the past week for his health and also attending the bedside of his son, Ned Lanham, who has been quite ill. The governor said his son is much improved.

Insurance Commissioner Clay has appointed Professor A. W. Orr of Arp, Smith county, state inspector of nurseries under the act of the Twenty-ninth legislature. This act is already effective.

BEATEN BY BLACKS.

Couple Receive Terrible Beating at the Hands of Negroes.

Eagle Lake, Tex., July 17.—Mr. and Mrs. Fred Cooley, a middle aged couple living about four miles west of here on the Eagle Lake Rice Irrigation company's canal, were beaten almost to death by unknown negroes with some instrument, supposed to be an ax. The woman had been struck in the left temple, a gash of several inches being made, and that side of her face smashed in a horrible manner. The man was beaten as badly on the other side. They were in a horrible condition and both insensible. The floor of the house was a pool of blood and it had also run all over the bed clothes.

TRULY TORRID.

Mercury at Denison Registered One Hundred in the Shade.

Denison, July 17.—The heat record was Sunday broken here—100 in the shade. Mrs. Samuels was prostrated. Steamboat Annie Peruna leaves this week for Gainesville. This is the first time in the history of Red river that a steamboat has attempted to go that high up.

Baptist church was crowded to the doors by a prohibition meeting. An aggressive campaign was mapped out.

Fearful Mistake.

San Antonio, July 17.—Mistaking a gasoline preparation for killing bedbugs for wine, Mrs. Louise Garrett, aged seventy-six, drank a portion of the deadly liquid and died in great agony. She leaves a husband, whose whereabouts are unknown.

Brakeman Loses a Leg.

Overtown, Tex., July 17.—Rich Mosely had a leg cut off by an International and Great Northern train here Monday morning. He was a brakeman. Mosely was sent to Palestine, his home, on a special train.

TWO ELECTROCUTED.

White Man and Negro Die in Electric Chair at Sing Sing.

Ossining, N. Y., July 17.—James Breen, white, and Charles Jackson, colored, were put to death in the electric chair at Sing Sing prison Monday morning. Both executions were successful. Breen shot Captain William H. Kriesburg in a quarrel in the latter's saloon in New York City in September, 1903. Jackson killed Charles W. Roxbury with a club in July, 1903, in the Bronx in an attempt at highway robbery.

Three Reprieved.

Memphis, July 17.—Six negro murderers were to have been hanged here to-morrow, but the action of Governor Cox in reprieving for thirty days John Champlin, J. C. Norfleet and General Bone reduces the number to three. The others are Toots Taylor, A. M. Miles and Major Mills.

VOTE TO CONTINUE.

Predicted That Teamsters' Strike Will Last Until Next Month.

Chicago, July 17.—Both railway express and department store drivers have voted to continue the struggle, and it is predicted the teamsters' strike will be prolonged until after the convention of the International Brotherhood of Teamsters, which opens at Philadelphia Aug. 7. Department store drivers decided by almost unanimous vote to continue the strike after they were informed railway express drivers had taken similar action.

Wild Scramble.

St. Louis, July 17.—A crowd of over 2000 persons fought with the police Sunday in a wild scramble to gain admittance to the dedication services of the new syngogue of Congregation Sharis Sphard. A number were clubbed, but none seriously hurt; hats were crushed, women's dresses torn and several women fainted.

Chadburn Succumbs.

Sedan, Kan., July 17.—William Chadburn, the outlaw shot by a posse of citizens at Hewins Wednesday after he had shot and killed D. F. Calhoun, a railway detective, at Cedarvale, died in the county jail Sunday night. Chadburn was shot six times during the fight. Ed Madigan, Chadburn's pal, was shot and instantly killed by the posse.

Slain Before Mother.

St. Louis, July 17.—In the presence of her mother, Bessie Barnes, fifteen years old, was shot dead in front of her home. Mrs. Mary Carder was arrested.

Two Die in Water.

Memphis, July 17.—J. H. Postal and August Fust, young men, drowned in the Mississippi river.
